Plan Approval

Once design review is complete, the following signing materials are to be submitted, previously signed by the appropriate right-of-way and fire jurisdictions (when applicable).

- One (1) – 4 mil Reverse-read double-matte mylar original (retained by MDWID after signing).
- One (1) – reproducible original or cover sheet (returned to consultant after signing).
- Electronic copy in CAD of water plan on CD (or sent in email).

Plan Revision or Re-Approval

Includes reviews for one formal plan revision, occurring after plan approval or during construction. Fee also applies to re-approval of plans after they expire (after one year if permit not issued).
