

**Metropolitan Domestic Water Improvement District
Board of Directors Meeting**

September 12, 2011

**Renewal of Interim Remedial Action Contract between the Arizona Department of
Environmental Quality and the District for the South Shannon Treatment System**

Synopsis

The Board of Directors is requested to approve an Amendment No. 20 for the District to receive operations and maintenance reimbursement from the Interim Remedial Action Contract with the Arizona Department of Environmental Quality (ADEQ) on the District's treatment system at the South Shannon Facility. The previous contract expired on June 30, 2011. The reimbursement renewal period is from July 1, 2011 to June 30, 2012.

Background

State legislation was passed in 1996 to enhance the State's Superfund clean-up program. The program budget has an annual legislative cap of up to \$18 million dollars for clean up of groundwater and soil contamination sites. Since, the program was not fully functional by late 1997; the District expended its own funds to install a wellhead aeration treatment system at South Shannon in June 1997. The treatment system was implemented to capture migrating volatile organic compounds (VOCs) in order to prevent the groundwater plume migrating to other District wells.

The Arizona Department of Environmental Quality (ADEQ), acting in part to the District's previous requests, designated the Shannon Road-Rillito Creek area as a State Superfund Site on April 23, 1999. Since that time, efforts by ADEQ have proceeded to determine the source and extent of the contamination. The ADEQ was expected to complete its site investigation by June 30, 2009, but State budget problems have delayed the report. Two known drinking water supply wells bisected by Rillito Creek have been impacted by the VOCs in the groundwater. One is an inactive City of Tucson well and the other is Metro's South Shannon well.

Prior to the beginning of the superfund investigation, ADEQ informed District staff of our eligibility to seek reimbursement for operational and maintenance or improvement costs associated with the District's treatment system. The Board approved a reimbursement agreement (Interim Remedial Action Contract) with ADEQ which became effective since February 4, 2000.

As previously reported to the Board, the VOC levels at South Shannon Well increased over time beyond the capacity of the old treatment system. The rising concentrations reduced the effectiveness of the old treatment system and its use was terminated in April 2004 until the new treatment system began operation in July 2006.

Issues

The Interim Remedial Action Contract allows the District to annually recover costs for the operational and maintenance (O&M) or improvement costs associated with treatment system. These expenses are generally paid quarterly to the District from ADEQ through the State Superfund Program, also called Water Quality Assurance Revolving Fund (WQARF). The reimbursement renewal is from July 1, 2011 to June 30, 2012. Past operation and maintenance expenses for the new treatment system can be found on Table 1. The worse case operations and maintenance expenditures for FY2011/2012 total up to \$150,000 based on ADEQ’s projected O&M cost of \$37,500 per quarter. Actual annual costs have been much lower as shown below. The District’s FY2011/2012 budget has removed the GAC cost of \$125,000. Over the past two years, ADEQ’s O&M reimbursement budget has not been affected by State budget cuts; therefore the District has removed this contingency from the FY2011/2012 budget.

Table 1 – Annual Operation and Maintenance Costs at South Shannon Groundwater Treatment System

Year	Pumpage (ac-ft)	Electric Costs	Personnel Costs	Lab Costs	GAC		Total	Lbs of VOCs	Cost/
					Replacement	Misc.	O&M Cost	Removed	1000 Gal
2011*	277.0	\$1,603.62	\$4,964.33	\$11,658.75	\$23,729.28		\$41,955.98	17.5	\$0.46
2010	683.9	\$3,944.46	\$10,949.17	\$24,130.90	\$73,500.88	\$0.00	\$112,525.41	40.0	\$0.50
2009	642.2	\$3,595.94	\$10,925.72	\$23,793.10	\$77,419.61	\$0.00	\$115,734.37	40.5	\$0.56
2008	687.4	\$4,648.16	\$15,745.74	\$22,039.50	\$47,061.43	\$0.00	\$89,494.83	54.3	\$0.40
2007	598.6	\$3,095.95	\$12,015.73	\$18,742.80	\$76,398.75	\$75.34	\$110,328.59	38	\$0.57
2006	137.3	\$1,100.26	\$3,948.11	\$7,560.00	\$0.00	\$2,393.08	\$15,001.45	16.8	\$0.34
2005	0	\$0.00	\$416.89	\$644.40		\$0.00	\$1,061.29	0	#DIV/0!
2004	51	\$1,757.58	\$2,750.63	\$4,336.40		\$0.00	\$8,844.61	4.1	\$0.54
2003	182.1	\$9,656.72	\$10,605.61	\$14,547.50		\$0.00	\$34,809.83	12.4	\$0.59
2002	217.8	\$8,890.05	\$15,640.23	\$11,108.20		\$0.00	\$35,638.48	12.9	\$0.51
2001	184.9	\$7,429.41	\$12,422.90	\$6,139.00		\$0.00	\$25,991.31	8.5	\$0.43
2000	426	\$10,353.02	\$13,889.88	\$3,740.00		\$0.00	\$27,982.90	18.4	\$0.20
TOTALS	3,944	\$56,075.16	\$115,274.94	\$148,440.55	\$298,109.95	\$2,468.42	\$620,369.02	254.2	\$0.48

Footnote * denotes expenses from January 1, 2011 to June 30, 2011, unit cost is from January 1, 2011 to March 31st

Recommendation

Staff recommends that the Board of Directors approve Amendment No. 20 for receiving operations and maintenance reimbursement the contract period from July 1, 2011 to June 30, 2012 through the Interim Remedial Action Contract at the South Shannon Facility between the Arizona Department of Environmental Quality (ADEQ) and the Metropolitan Domestic Water Improvement District.

Suggested Motion

I move to approve Amendment No. 20 of the Interim Remedial Action Contract at the South Shannon Facility between the Arizona Department of Environmental Quality and the Metropolitan Domestic Water Improvement District to receive up to \$150,000 in operations and maintenance expenses from July 1, 2011 through June 30, 2011.

Respectfully submitted,

Mark R. Stratton, P.E.
General Manager
